Since returning to the White House in January, President Trump has dismantled the American government's efforts to combat foreign disinformation. The problem is that Russia has not stopped spreading it.

A LETTER SENT BY PRESIDENT DONALD J. TRUMP TO ALL NATO NATIONS AND, THE WORLD: "I am ready to do major Sanctions on Russia when all NATO Nations have agreed, and started, to do the same thing, and when all NATO Nations STOP BUYING OIL FROM RUSSIA. As you know, NATO'S commitment to WIN has been far less than 100%, and the purchase of Russian Oil, by some, has been shocking! It greatly weakens your negotiating position, and bargaining power, over Russia. Anyway, I am ready to "go" when you are. Just say when? I believe that this, plus NATO, as a group, placing 50% to 100% TARIFFS ON CHINA, to be fully withdrawn after the WAR with Russia and Ukraine is ended, will also be of great help in ENDING this deadly, but RIDICULOUS, WAR. China has a strong control, and even grip, over Russia, and these powerful Tariffs will break that grip. This is not TRUMP'S WAR (it would never have started if I was President!), it is Biden's and Zelenskyy's WAR. I am only here to help stop it, and save thousands of Russian and Ukrainian lives (7,118 lives lost last week, alone. CRAZY!). If NATO does as I say, the WAR will end quickly, and all of those lives will be saved! If not, you are just wasting my time, and the time, energy, and money of the United States. Thank you for your attention to this matter! DONALD J. TRUMP, PRESIDENT OF THE UNITED STATES OF AMERICA."

## US to cut some security funds for European countries bordering Russia

Move comes as Washington pushes Nato allies to pay more towards their own defence

The US is to phase out security assistance programmes for European armies along Russia's border, as it pushes the continent to pay for more of its own defence.

Pentagon officials last week informed European diplomats that the US would no longer fund programmes that train and equip militaries in eastern European countries that would be on the frontline of any conflict with Russia, people familiar with the matter said.
